

# TETÇO

BESPOKE. INNOVATIVE. STRATEGIC.

# ACCELERATING IMPACTFUL PROJECTS.

# ABOUT US

TETCO Consulting specializes in providing expert services to clients within the Energy, Infrastructure and Mining Sectors, in Middle East & Africa.

We facilitate impactful projects that drive positive change across the regions we work in, by creating meaningful partnerships.

## **THE MISSION**

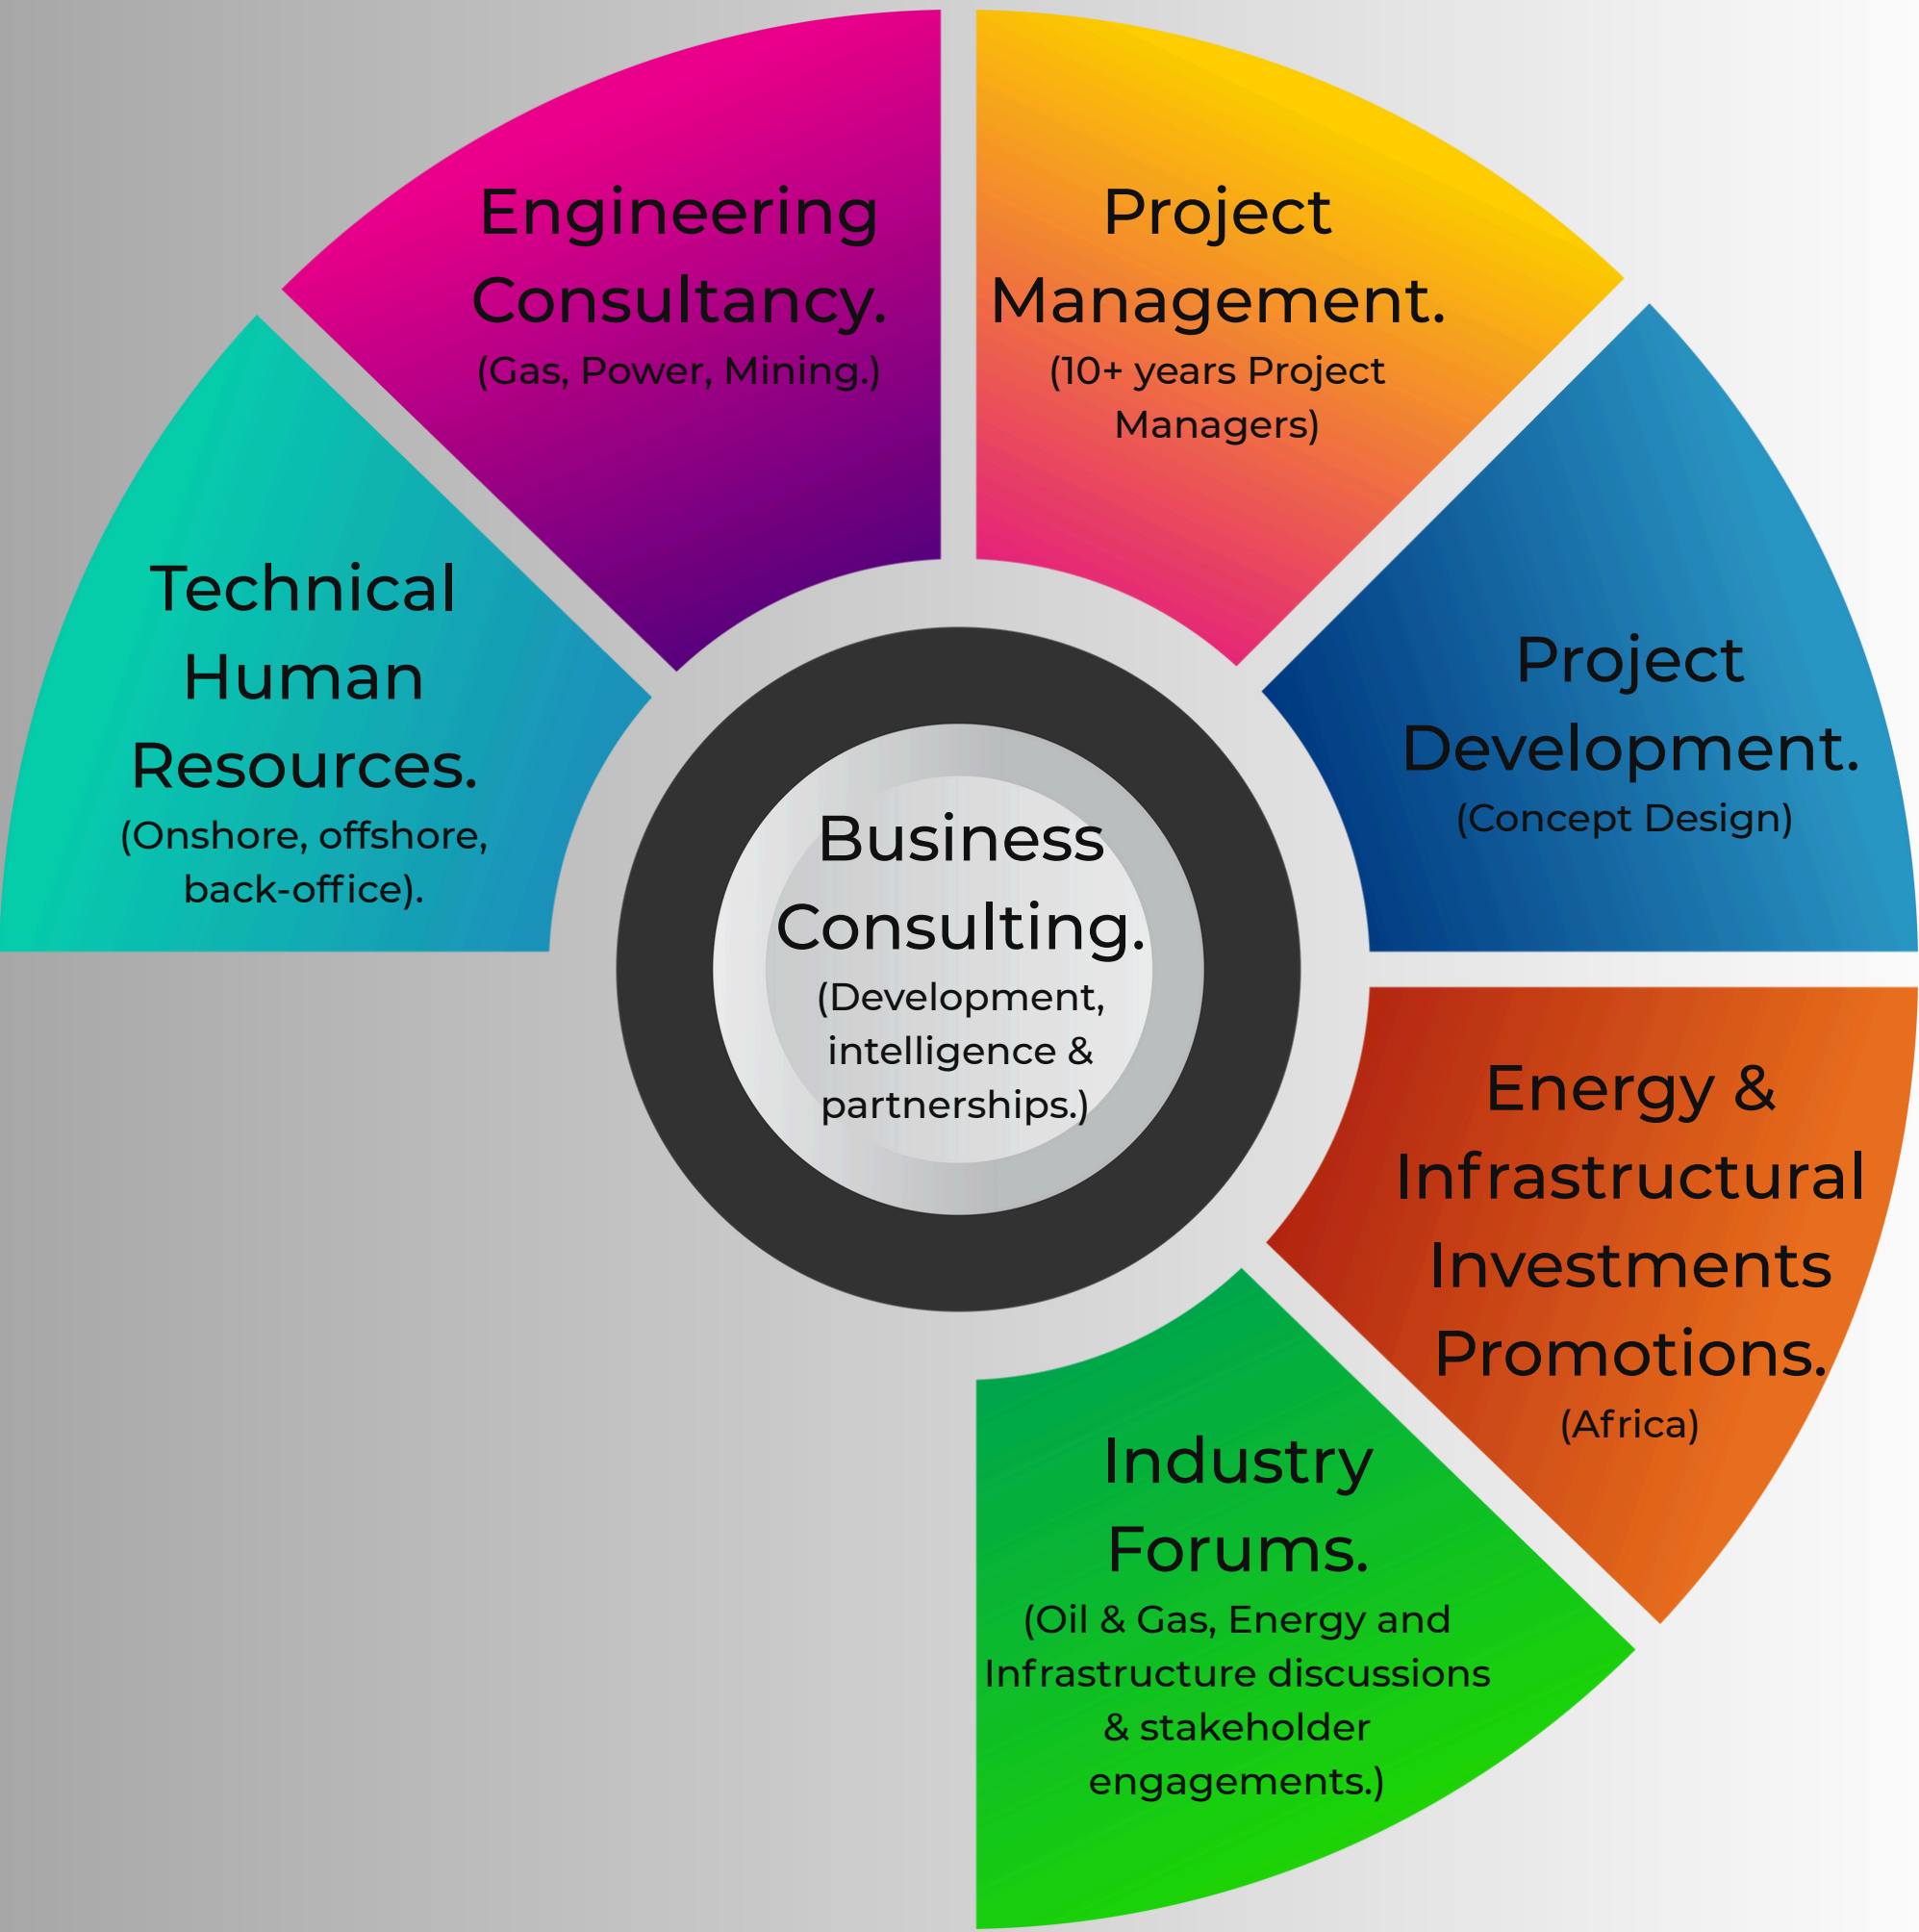

**“To Strategize, Develop and Manage solutions that ensure efficiency, sustainability and competitive growth for our partners.”**

## **THE VISION**

**“To be a catalyst for transformative impact, by facilitating infrastructure and industrial projects that drive sustainable economic growth in the markets we serve.”**

# THE VALUES

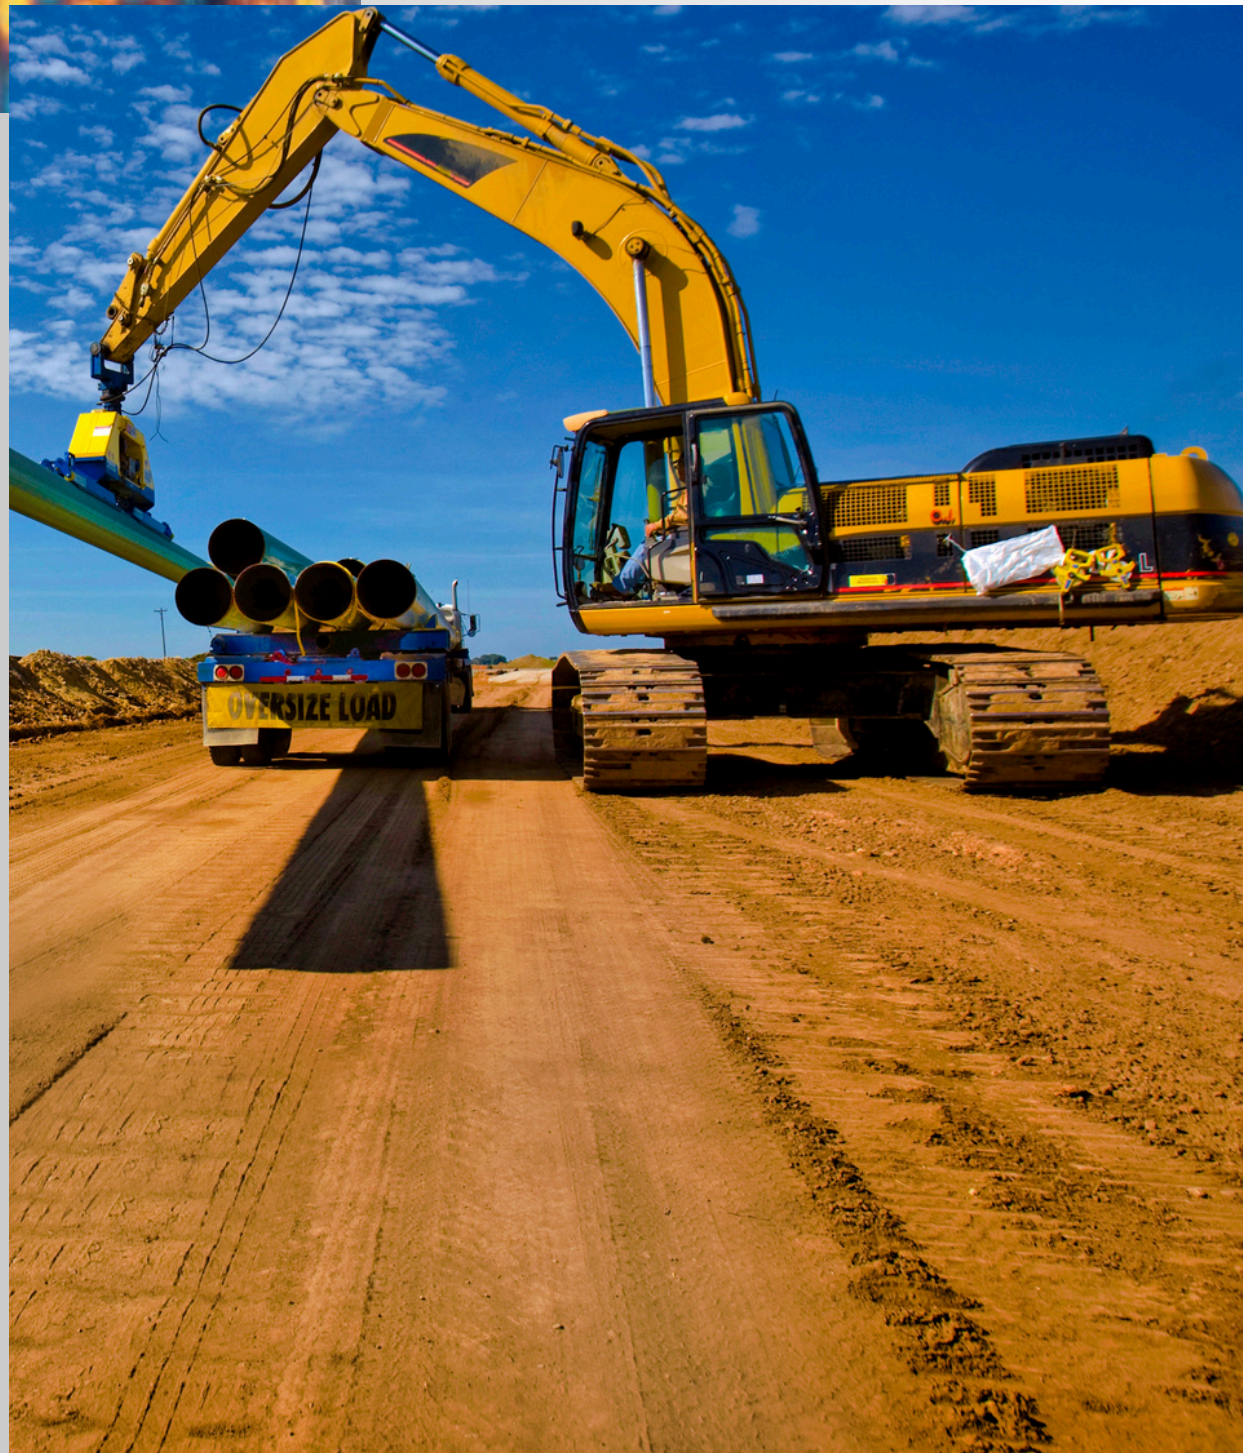

# BUSINESS CONSULTING

We offer support to our partners , by crafting tailored business development strategies, fostering partnerships, and facilitating entry into new markets in Africa.

By assessing the viability and potential risks of proposed ventures or projects, we contribute to our clients' making well-informed decisions and minimize uncertainty during the planning and execution phases.

# ENGINEERING CONSULTANCY

We bring consultants with 10+ years of experience in engineering and engineering management, to supervise all aspects of process, instrumentation & control, electrical, mechanical and structural engineering.

Expert  
Engineers!

Additionally, we work together with our clients and partners to optimize the utilization of facilities, equipment, and human resources, contributing to maximization of productivity and reduction in operational costs.

Efficiency at every  
level.

# PROJECT DEVELOPMENT

End-to-end project development solutions, guiding partners through every phase, ensuring optimal resource allocation, adherence to timelines, and cost-effective project execution.

From concept  
to completion!

# PROJECT MANAGEMENT

We offer experienced project managers to oversee complex projects, ensuring they meet timelines, budgets, and quality benchmarks without compromise.

Precision. Execution. Success.

# TECHNICAL HUMAN RESOURCES

Attract.Retain.Perform.

TETCO supports businesses within Energy & Infrastructure by helping to attract and develop top-tier talent. We ensure compliance with regulations and industry best practices.

- Oil & Gas.
- Power.
- Mining.
- Construction.
- Maintenance.
- Inspection.
- Commissioning.

# INVESTMENT PROMOTIONS

By understanding the local market and maintaining a global perspective, we seek to bridge the gap between international players and the vast potential in the local African markets.

We also partner with investment firms to conduct due diligence, assess potential opportunities, and provide insights to our clients, to make well-informed investment decisions.

# INDUSTRY FORUMS.

Understanding the need for Collaboration, TETCO organizes exclusive industry forums tailored to drive conversations to unlock opportunities within the Middle East and Africa, across the energy, and infrastructure and sustainability spectrum.

Through THE COLLABORATION FORUM( an initiative by TETCO), we bring together decision-makers and key stakeholders, for knowledge sharing, investment discussions, and strategic partnerships.

Our Partners such as African Energy Chamber, African Energy & Economic Youth Council, Youth Oil and Gas Summit & Prickly Pear Production supports us in making these events successful.

**"Everything has a risk. That should never stop anything. We can, and should, deploy good risk management frameworks for better outcomes, but never stop moving forward and innovating."**

**- His Highness Sheikh Mohammed bin Rashid Al Maktoum.**
